## In Memory Of . . .

**JOHN DE PUYT**

*For eleven years, John was a teacher and friend to us all. Since he touched all of our lives, his passing was deeply felt. We, the Class of 1978, dedicate this yearbook to his memory.*

*"It was not what he had, nor even what he did,  
which directly expressed the worth of this man,  
but what he was."*

*"John had a zest for life which he channeled into a love for kids."*

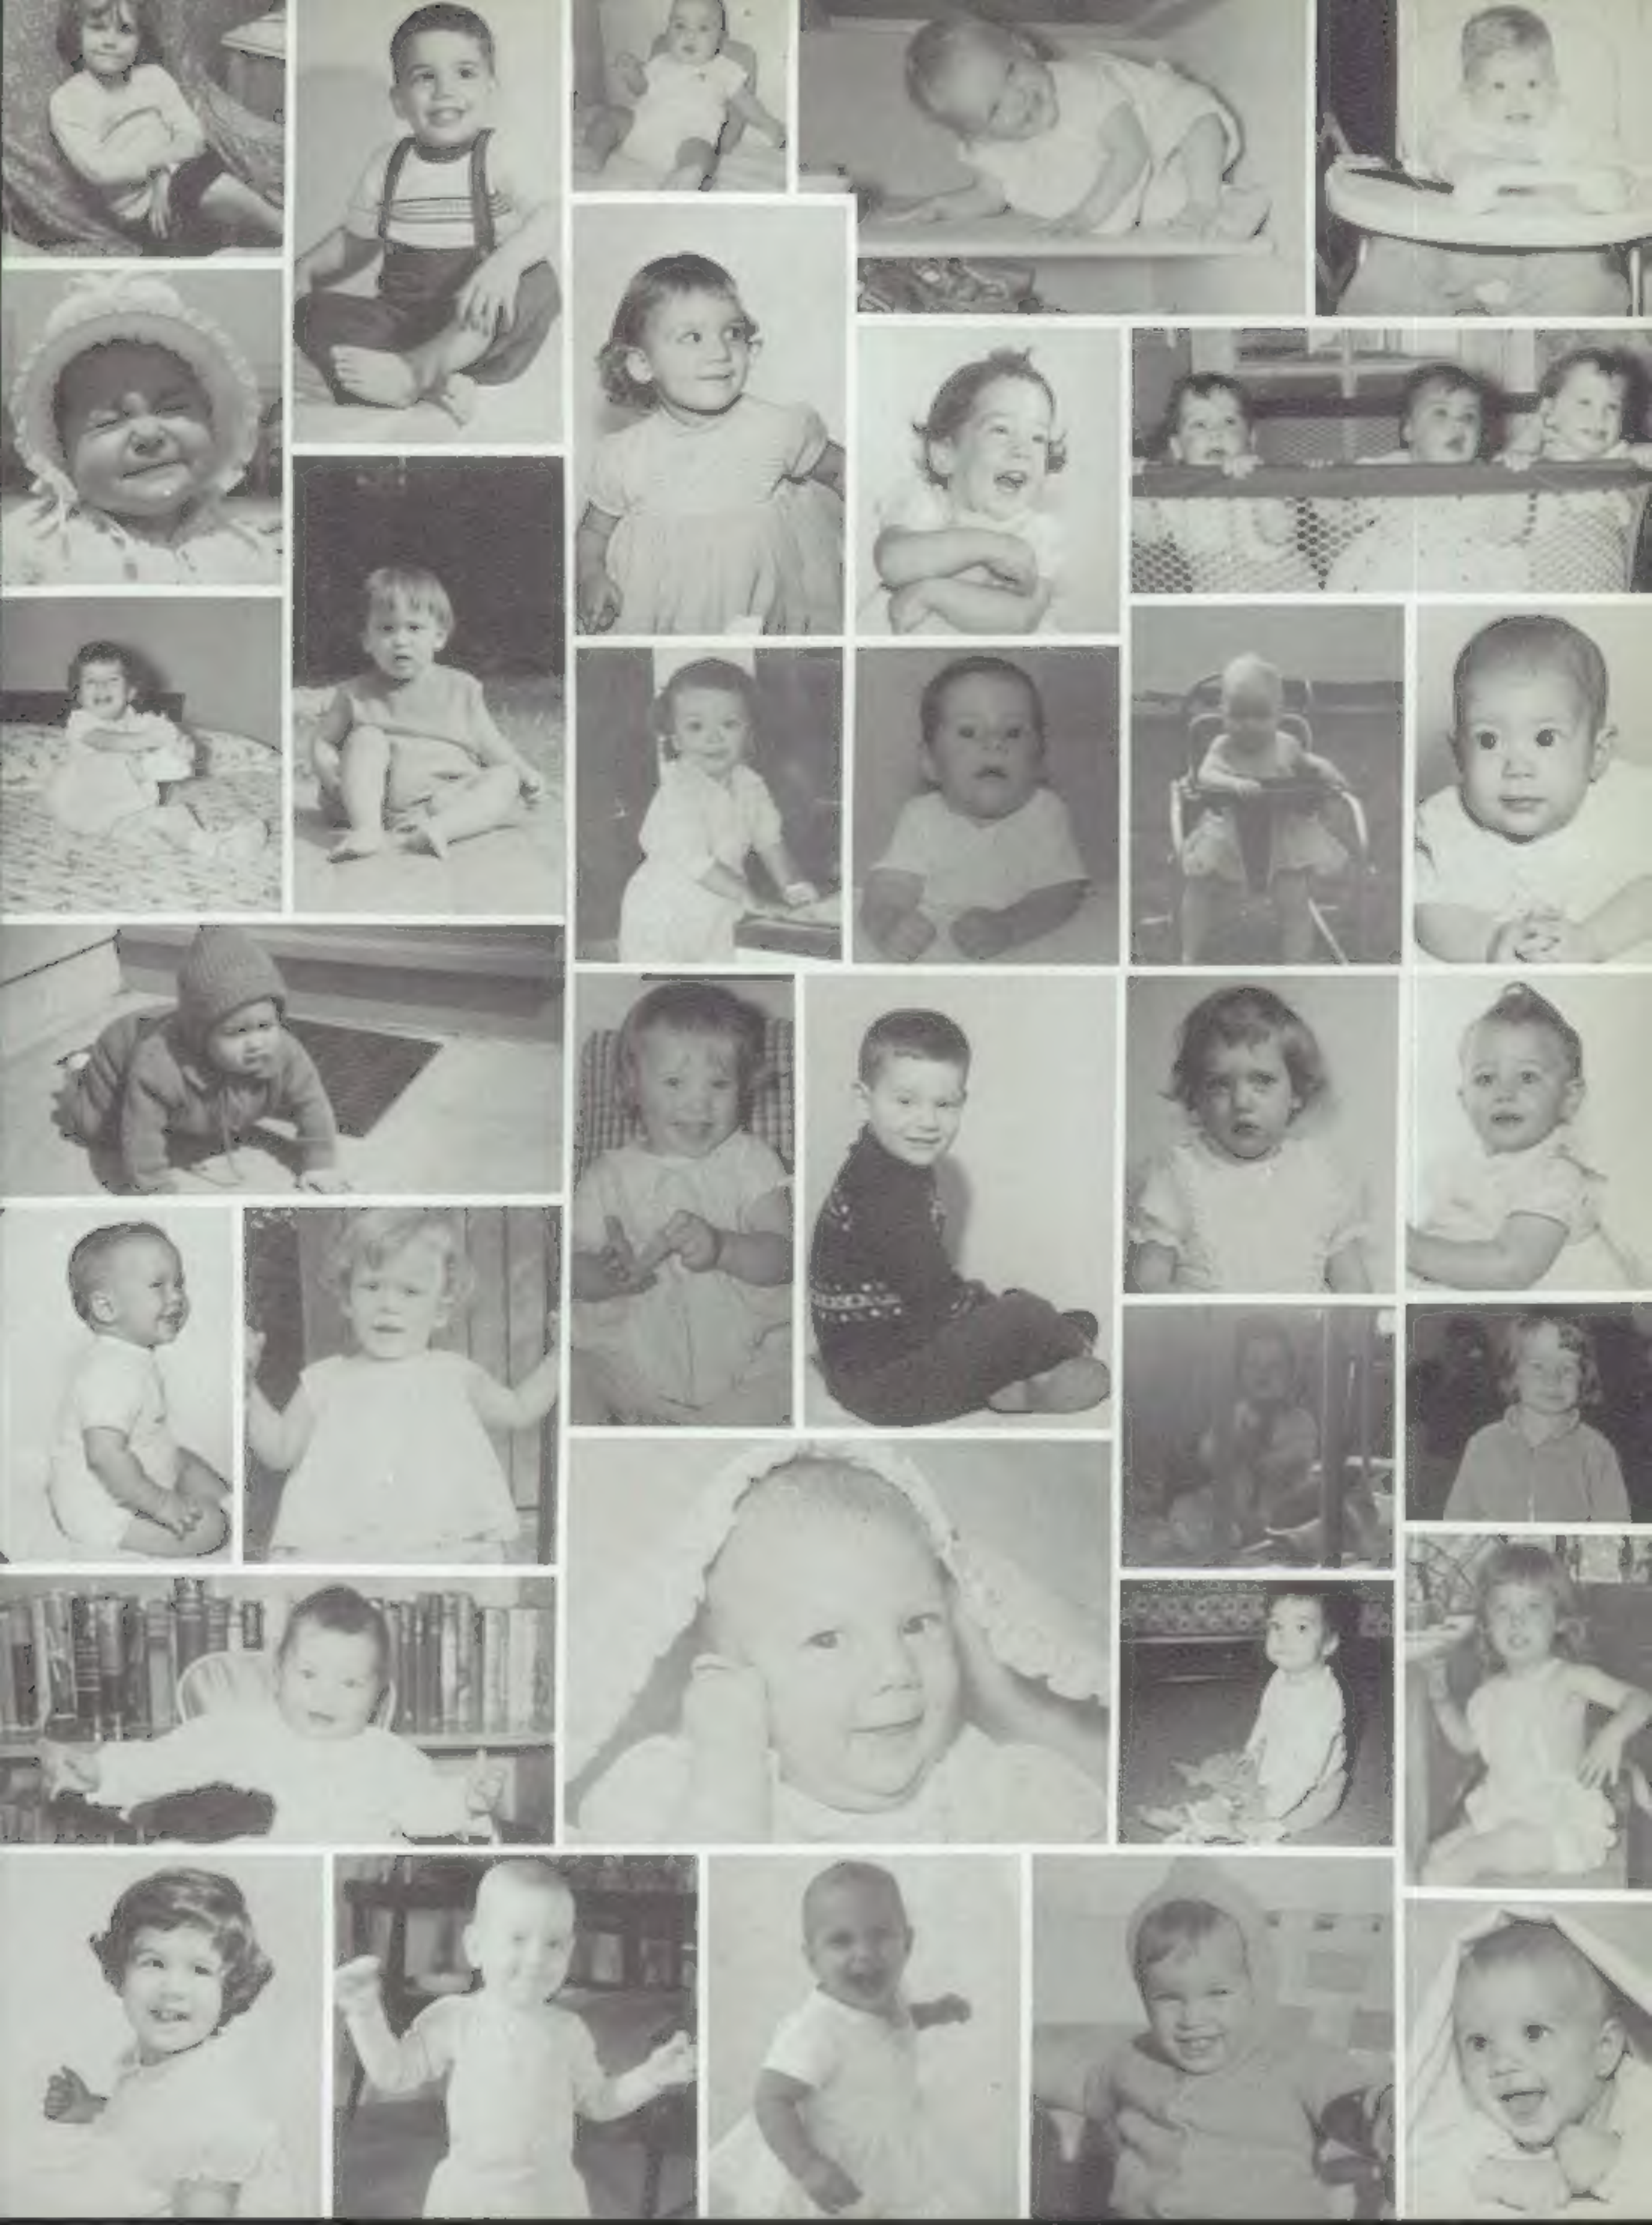

*"What set John apart from many others is that people said nice things about him while he was still alive."*

*"When it came to X's and O's, we didn't learn anything from each other. But John had a great way with kids. He realized that most of them would never go on to play college ball. He wanted them to enjoy themselves on the high school level, knowing that this might be their only chance to play competitive football. He just wanted to make high school football as meaningful and enjoyable as he could."*

*TO THE UNDERCLASSMEN:*

*It is time for us, the members of the Class of 1978 to say good-bye to Ramsey High School and to you, the underclassmen. For after we walk up to the podium this June to receive our diplomas, our high school years will have come to an end.*

*Although these years may be ending, they will not be forgotten. They have been filled with too many good memories just to be cast aside.*

*Each class that has entered and each class that has left since we first came to Ramsey High School, in September of 1974, has comprised our high school*

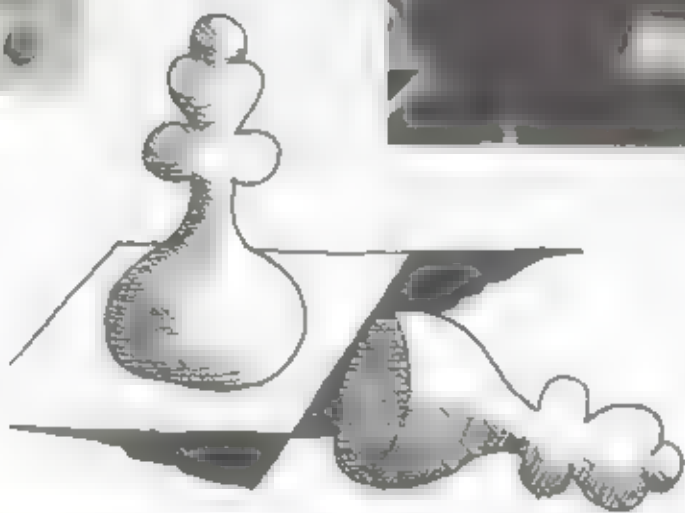

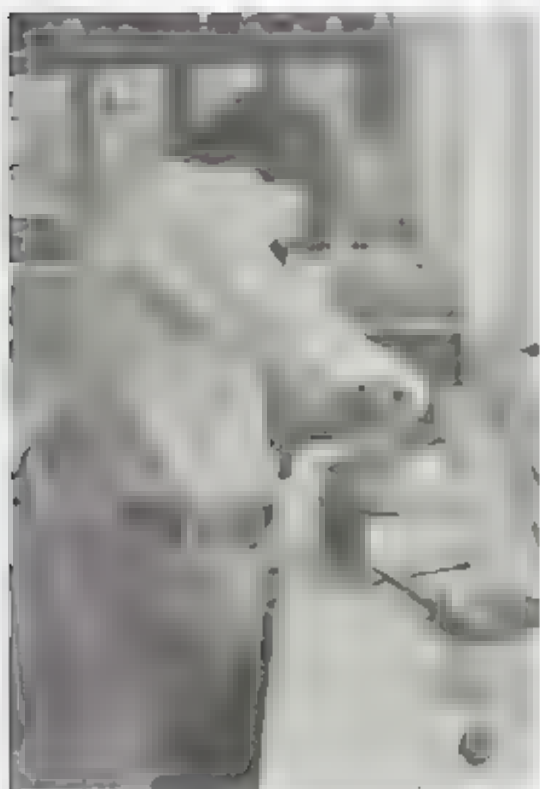

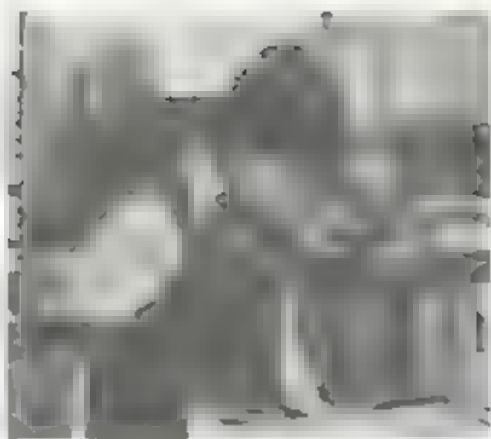

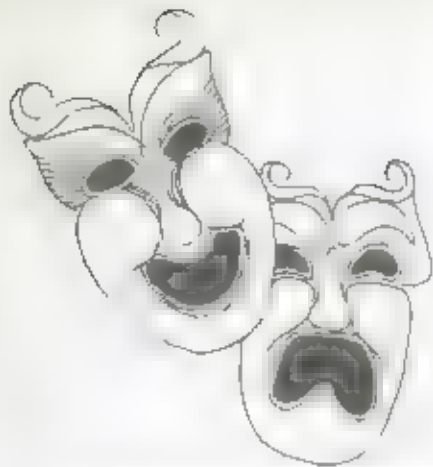

*years. Those before us have set guidelines for us to follow in the same way that we have tried to pave the way for each of you. In all, we have seen and grown with six different classes, each of which has helped make our high school years more memorable.*

*We have said good-bye and thank-you to the class of 1975, 1976, and 1977, and now it is time to say thank-you and good-bye to you.*

*We leave you with sadness, yet also with anticipation, for the time has come for us to move on as will you all in the next few years.*

## Drama Workshop

### WRAM

Drama Workshop includes both creativity and hard work. Entertaining many audiences, students act in plays on the stage, in the Lecture Hall, and as radio announcers on WRAM. The performing experience gained in this course attracts many students, including those who are back for a second year without receiving credit. The class size has doubled in just one year, and more growth and good entertainment is expected.

*The 1977 Field Hockey Team closed its season with a record of 15 wins and 2 losses and, once again, proved to be a championship team. For the third consecutive season they captured the BPSL Championship and was not only undefeated in the league but also unscored upon. Ramsey also won the Bergen County Field Hockey Tournament. Their third championship of the season came in defeating Old Tappan for the Northern I. Group III State Sectional Title.*

The 1977 Football Ram's season was full of gratification and disappointment. The biggest gratification was provided by the trip to the Meadowlands. We lost to an outstanding football team but still had a good year with a regular season record of 6 wins and 3 losses. In the regular season the biggest win was probably the 8:7 win over league champion Hawthorne. Seniors Ernie Yenke, Rob Smith, Pete Filipowicz, Jim Finn, Dan Bucci, Bob Bucci, Peter Jewett, and John Gettings made outstanding contributions to a fine season.

1977 had many highlights, a league and county championship for the boys; the emergence of our girl's team, perhaps the best in Bergen County, as a power, and the girl's sectional championship. But, 1977 was our most disappointing season because we were racked by injuries and thus never accomplished what we were capable of. We did increase our ten year overall win/loss record to 100-9.

*With our top six runners returning next year, we should be a formidable force in boys cross-country next season. If we can prevent injuries we could have one of the best, if not the best teams in the state. The girl's team shows almost as much promise. The girls led by Lesa Maloof, Colleen Delia and Sandy Flubacher hold the best 1-2-3 punch in the county, with the addition of a few potential strong eighth graders. We are looking forward to a great, injury-free season.*

The 1977 Girl's Varsity Gymnastic Team - 17 members strong tackled their rigorous meet schedule with abounding enthusiasm and plenty of hard, aching practice hours each afternoon in the New Gym.

Three Sophomores and two Juniors returned from last year's squad. With the addition of two Seniors - Wendy Tosi and Paige Kenyon - together with dynamic underclassmen braving the team for the first time, our record this season was a successful eight wins and five losses.

With this year laying the framework, we look forward to a highly spirited, experienced team for next year.

## GIRL'S SWIMMING

The Girl's Swim Team set several school records this year. Jackie Balder broke the 200 free style with a 2:09.6 at Lawrenceville, New Jersey during the Girl's State Swim Meet, March 11, 1978. Missy Evans now holds the 50 free style with a 27.0 done at the Olympian, December 21, 1977, against West Essex. Nancy Lyon holds the school record with her time of 1:15.6 down at Morristown, February 1, 1978. Nancy also qualified and swam at the Girls' State Swim Meet. The 400 Free Style Relay record belongs to Julie Bischoff, Missy Evans, Melanie Orsi, and Jackie Balder with a 4:13.2 done at the League Meet at Paterson State College, February 25, 1978.

## BOY'S SWIMMING

If success is any measure of a team's worth, this team is worth its weight in gold medals. For the third consecutive year, the boy's team won 1st place in the N.J.S.L. ending the season with a 9-1 record. The one loss was to the strong Morristown team at their pool. But, at the N.J.S.L. meet at Paterson State College, Morristown bowed to the 1st place Rams. Captain Roger Romano agrees with Coach Don Elliott that, "the record of this team will be a tough act to follow."

Although the Ramsey High School Winter Track Team didn't break as many records as last year, they had a highly successful year. The team won 105 medals, 14 relay championships, four individual championships, and set ten new school records. They attended sixteen meets in all parts of New Jersey, New York City, and New York State. They spent many long Saturdays in armories, but the rewards were well worth the time spent. The success of the team was a direct result of the hard work put in by all team members.
